12. Examination Schedule

The University follows a structured Examination Schedule designed to ensure timely assessments and promote academic progress across all programs. The examination system includes mid-term exams, end-term exams, practical exams, and continuous assessments based on the course structure. Operating on a semester-based system, the academic year is divided into odd (July-December) and even (January-June) semesters. Mid-term exams occur mid-semester, helping students gauge their understanding, while end-term exams take place at the semester's end, covering the full syllabus. Practical exams, internal assessments, and supplementary/backlog exams are conducted as required. The Examination Department issues timetables and notifications in advance, and results are declared a few weeks post-exams, ensuring a smooth academic process.

14. Health and Awareness Initiatives

University has actively promoted health and wellness among its students, faculty, and staff by organizing various health awareness programs. In recently organized three impactful health awareness programs were undertaken: **a Blood Donation Camp, a Health Camp, and the Nasha Mukti Abhiyan**. These initiatives aimed to foster health consciousness and encourage responsible behavior within the university community. **Blood Donation Camp:** The University collaborated with a local hospital to host a Blood Donation Camp. This initiative fostered a sense of social responsibility and empathy within the university community. **Health Camp:** A comprehensive Health Camp was organized on campus, offering free medical check-ups, including blood pressure monitoring, BMI assessments, eye check-ups, and consultations with general physicians. The camp also offered guidance on maintaining a healthy lifestyle, with an emphasis on nutrition and exercise. **Nasha Mukti Abhiyan:** In alignment with the government's initiative to fight drug addiction, K.K. University held the Nasha Mukti Abhiyan, raising awareness about the dangers of substance abuse. Students were educated on the harmful effects of drugs and alcohol and were encouraged to live a healthy, addiction-free life.

15. Celebration of Important Dates and Cultural Activities

The University is committed to promoting a well-rounded education by celebrating significant academic and professional days. These events highlight the contributions of various professions and inspire students to excel in their respective fields.

University commemorates **National Science Day** annually to honor the discovery of the Raman Effect by Indian physicist Sir C.V. Raman. The day features seminars, science exhibitions, and interactive sessions with renowned scientists and researchers.

To emphasize the importance of literacy as a key driver of social and personal development, K.K. University hosts activities on **International Literacy Day**. Events include literacy workshops, book donation drives, and discussions on global literacy challenges. These activities help create awareness about the importance of education and inspire students to engage in community service, especially related to teaching and education outreach programs.

K.K. University celebrates **World Environment Day** with a range of activities aimed at raising environmental awareness and promoting sustainability. Tree plantation drives, clean-up campaigns, and expert talks on environmental conservation are some of the activities organized to inspire students to become environmentally responsible citizens.

Pharmacist Day, to recognize the critical role of pharmacists in healthcare, K.K. University celebrated World Pharmacist Day with a series of seminars and workshops. The event also included awareness campaigns on the safe use of medications and the importance of pharmacists in public health.

Farmers Day, dedicated to honoring the contributions of farmers to the nation, was marked by discussions on sustainable agriculture, modern farming techniques, and the role of technology in farming. Students from agricultural and related disciplines participated in workshops aimed at understanding the challenges faced by farmers and exploring solutions to improve agricultural productivity.

International Women's Day at K.K. University was celebrated with panel discussions, workshops, and events focusing on gender equality, women's empowerment, and leadership. The university invited accomplished women professionals to share their experiences and inspire students to break barriers in their respective fields.

The University thrives on a vibrant cultural scene that enriches student life. The university hosts various cultural activities, from dance and music performances to theatre and literary events. These activities provide students with a platform to showcase their talents and celebrate diverse traditions.

University encourages students to broaden their knowledge beyond the classroom and become active participants in the global academic and social landscape. It reinforces the importance of different professions and social issues, motivating students to engage in meaningful learning and societal contributions.

16. University Best Practices

The University is committed to maintaining the highest standards of excellence through its best practices. This includes a student-centric approach that prioritizes holistic development, integrating academic rigor with co-curricular activities to foster well-rounded individuals through the following best practices initiative.

- a. Flexible and adaptive interdisciplinary programmes.
- b. Curriculum reviewed by industry and academia.
- c. Remedial and Bridge courses are provided for the weaker and economically disadvantaged students to provide a holistic outlook that helps them transition from K-12 to Higher Education. This effort is to enable a shift from simple problem solving to problem identification and analysis with a strong focus on community, ethics, and teamwork.
- d. Students are required to undertake a semester long Research Project with a faculty member of their choice, in an interdisciplinary manner. This is to enable them an opportunity to work with faculty and peer students on problems.
- e. Faculty Mentorship Programme is dedicated to the wellbeing of the student's fraternity to enhance and upskill the student's morale and performance.
- f. Dedicated classrooms with Smart Boards & steady internet connectivity.
- g. Free shuttle service for students, faculty and staff.
- h. Emergency medical concerns are facilitated through the Bhagavan Mahavir Institute of Medical Science (VIMS), Pawapuri (Approx. 6 kms from the K.K. University Campus)
- i. In respect to the progress towards the gender equality (SDG 5) the university makes a progressive attempt in female social mobility. The university encourages active participation of female student enrollment (10 % increase from the previous 2 years) sports activity, internships, field survey and other campus activities.
- j. The university also employs a continuous evaluation system to ensure academic quality, alongside robust faculty development programs that keep educators at the forefront of their fields.
- k. The University emphasizes ethical conduct, transparency in administration, and a vibrant research culture, encouraging innovation and critical thinking among students and faculty alike.
- l. The university's commitment to sustainability is evident in its Green Campus program, which includes solar panels, rainwater harvesting, and extensive recycling efforts.

These examples demonstrate how K.K. University's best practices are seamlessly integrated into its operations, fostering an environment of continuous improvement and excellence.

Placement General Process

Placement at our institute is student-driven. The placement committee will make a plan at the beginning of the year and design a placement brochure and disburse it to companies. It is also important for students to be in touch with the Placement Office, for consultation and any specific individual issues.

➤ **Placement Information:**

It is the prime responsibility of students to check all the updates related to Campus Recruitment Drives, its eligibility, dates, venue etc. available through their placement notice board or directly from placement department.

➤ **Eligibility**

All students need to ensure that they are meeting the eligibility criteria of the company as mentioned on the placement portal. All mark sheets are checked at the time of joining and if company finds that you have manipulated your marks / documents at the time of Campus Recruitment your job offer will be terminated and you name will be blacklisted forever.

➤ **Data**

All Students need to ensure that their Data is correctly entered at their respective T & P cell. If there are any changes then they need to contact their Placement Officer /convenor immediately.

➤ **Placement Interview Process**

All companies generally follow the following placement process

- Presentation about the Company & Job Profile (PPT)
- Written Exam (Aptitude / Technical Test)
- Group Discussion (10 to 12 Students)
- Technical Interview (One to One)
- HR Interview
- Verification of Documents
- Any other as per the company request

➤ **Pre Placement Talk**

It is mandatory for all Eligible Students to appear in the PPT of all Companies coming for Campus Recruitments wherever they stand eligible. Students will be given a choice to back out after the Presentation (PPT) of the company if they do not understand/ like the profile offered. No student will be allowed to back out from the company recruitment process after clearing the 1st round (i.e. Written test). If any student found missing after the written test he / she will be strictly debarred from the entire placement season.

➤ **Reporting Time**

Students have to ensure that they report on time as mentioned on the placement portal. Students coming late will be strictly not allowed to appear in that process.

In case of any clarification or query please student may contact to Placement Officer/convener/ HoD or coordinators.

19. New Initiatives

The following new initiatives were taken by the University

a. Tree Plantation

In the last academic year 2023-2024 we successfully planted more than 2500 ornamental plants including shrubs. We have also taken measures to sustain and look after them by employing gardeners and staff taking personal interest in their growth. This has not only brought greenery but also made both of students and staff understand the importance of planting for the environment but also is a sentimental attachment for the ones who planted the plants. All this was done under the Central Government policy of Ministry of Environment, Forest and Climate Change "Van Mahotsav: A Commitment of India."

b. Rain water Harvesting

Keeping in line with both the State and Union Government guidelines on Rain Water Harvesting Policy, we are working on rain water harvesting, which should provide us with enough water for our daily use and will not deplete our water levels. "The Government of India's 2024 rainwater harvesting policy and guidelines are part of the Jal Shakti Abhiyan: Catch the Rain (JSA: CTR) campaign, which runs from March 9 to November 30, 2024. The campaign's theme is "Nari Shakti se Jal Shakti" and focuses on the role of women in water conservation."

c. Solar Pannels

The central government policy on generating electricity through installing Solar Pannels is being implemented in our campus in both letter and spirit. We have installed solar panels to generate 30 KVA of electricity. Dedicated Electric feeder is in process of installation. Subsequently, the Solar Panel will be functional.
